NEW YORK:
JOHN POLHEMUS, PRINTER, 102 NASSAU STREET.

1879.

PREFACE.

Many collectors who have not had experience in purchasing at auction sales, on account of living at too great distance from New York, may have their orders executed by the auctioneers, Messrs. Scott & Co., or other dealers, for a commission of 10 per cent. on amounts under $100 —over $100 5 per cent.—a uniform charge of 50 cents made on any amount under $5.

In reference to the method of selling at auction, we would say that each lot is sold to the highest bidder, at so much for each coin in the lot (except in cases of proof sets), so if you desire a lot of coins which contains 10 pieces and you wish to pay $1.00 for it, you should bid 10 cents each. Always state your highest price, relying on the honor of those you employ to make the purchases for you at the lowest possible figure.

The Coins will be on exhibition at the Auction Rooms, on the day of Sale, from 10 A. M. to 5 P. M.

THE COATS OF ARMS OF THE WORLD.

(*RUSSIA.*)
Uncolored *fac simile* showing size.

This magnificent chart contains accurate representations of the armorial bearings of the nations of the world, all of which are beautifully and correctly emblazoned in gold and silver, and their true colors.

As a sheet for framing, it is an acquisition to any drawing room, and is indispensable in the library or study.

As a guide to determine the nationality of foreign coins or postage stamps, (most of which bear the issuing countries' arms), it will be found of great service. While cut up and inserted in stamp albums, they will be found to add much to the appearance of the page.

Printed on fine heavy paper for framing, or on the same quality of thin paper for inserting in albums. Price, 50c.

THE MERCHANT FLAGS OF THE WORLD.

AUSTRIAN-ITALY.

BRAZIL.

FINLAND.

Uncolored fac-similes, showing size and style.

"These brilliant colored Flags faithfully represent the emblems of the different nations of the earth, and as such are a great acquisition to any Album, while the exceedingly low price (25 cents) at which they are published, places them within the reach of all."

"This Chart containing many Flags never before published, has been collected with great care, and can be relied upon as being strictly accurate, and by its aid the nationality of any ship may be easily determined, as it gives the Flag of the NATION instead of the gorgeous piece of bunting which simply belongs to one family, and is seldom, if ever, seen out of their country."

"These sheets possess three great advantages (to the Collector) over any other we are acquainted with, which consist in the facts that there is only one Flag to each country: more nations represented than have heretofore been given, and only Flags of those countries which issue postage stamps. These we consider of great importance to those who buy them to put in albums, as they can use them all instead of having to throw away half the purchase. The colors are very brilliant, and withal correct, and being printed on very thin paper, the book is not swelled to an inordinate thickness."

Beautifully and correctly printed in FIVE colors on fine heavy paper for framing, or thin paper for albums. Price only 25 cents.

In ordering please state which paper is required.
